Family and Employee Owned

In 2020, we said goodbye to our North Star, our shining light, our not-so-silent partner and beloved dad—Darrel “The Dude” Cresswell. Everyone called him “The Dude,” and he put the family in family-owned business.

Growing up, it was clear that family meant everything to our dad. He spent countless hours fishing, hiking and camping with us in the mountains of Northern California. He taught us to stand on our own two feet, but also to trust and rely on each other. He instilled in us a deep-rooted sense of family, duty and principle, but he never took himself too seriously. The Dude knew how to have fun.

It’s easy to see The Dude’s profound influence on Klean Kanteen’s culture and way of doing business. He led with a mixture of trusting kindness and good natured fun. He made every employee feel like family from the start.

“Thanks to The Dude’s influence, we treat each other like family and the staff feels that. That is why we always land on our feet.”
—MICHELLE

The Dude also pushed Klean Kanteen to stay true to its principles, even when that meant making sacrifices or doing things the hard way. The Dude never was afraid of the hard way. He’d roll up his sleeves and do whatever needed to be done, whether that was packing boxes in the warehouse or pouring over financials in the office. In The Dude’s family, everyone pulls their weight, looks out for each other and has a lot of fun along the way.

His spirit lives on in us and in Klean Kanteen.

Jeff Cresswell and Michelle Kalberer
Klean Kanteen Co-Owners/Co-CEOs

Climate Neutral Certified

Climate Neutral is a nonprofit organization working to accelerate the transition to a low-carbon world by recruiting companies to publicly measure, reduce and offset their carbon emissions. Klean Kanteen has completed the organization's rigorous three-step process and is now 100% carbon neutral in the manufacture and delivery of its products worldwide.

The Climate Neutral Certified label empowers socially conscious purchasing and has the potential to harness the buying power of millions of people worldwide, who are concerned about climate change. Look for the Climate Neutral Certified label on all Klean packaging.

Our near-term plan for continuing to reduce our greenhouse gas emissions includes:

- Reduce primary packaging material use
- Increase recycled content in all primary packaging
- Increase renewable energy use at product manufacturing locations
- Continue to purchase carbon offsets

Third-Party Verification

B Corp

Klean Kanteen is part of a growing movement of businesses known as B Corps that are committed to balancing purpose and profit. As a certified B Corp, we look for ways to create social and environmental benefit through our business. Every three years, an independent body scores our practices and performance against the B Corp standard for socially and environmentally responsible business.

1% for the Planet

We donate 1% of our sales to environmental nonprofits through 1% for the Planet. That means every time someone buys a Klean Kanteen product, we invest 1% of their purchase in organizations working hard to make the world a more resilient and sustainable place. To date, we have given away more than 3.3 million dollars in unrestricted funds.

Climate Neutral

Through the nonprofit Climate Neutral, Klean now publicly measures, reduces and offsets our carbon emissions. We are proud to be 100% carbon neutral in the manufacture and delivery of our products worldwide!

Leading Performance

Klean Coat®

As a company, we make hard decisions when we know they are the right ones. Klean Coat is one of those tough choices. We wanted to switch to a more durable powder coat finish a few years ago, but we needed time to do it right. We partnered with the nonprofit Clean Production Action and utilized their rigorous chemical hazard assessment tool, GreenScreen® for Safer Chemicals, to develop a custom powder coat finish that goes above and beyond regulatory standards.

We won't lie ... it was hard to wait, but we're glad we did. Our Klean Coat finish is safe for people and the planet , as well as four times more durable. In fact, Klean Coat has become the new industry standard for safety and durability.

See the following pages for all available Klean Coat product and color combinations.

TK Closure™

Our cutting-edge TK Closure takes thermal performance to a whole new level. We've replaced the traditional external thread closure system on our lids and bottles with a revolutionary internal thread design for optimal thermal performance. This new design pairs with our award-winning Climate Lock™ double-wall vacuum insulation to create a stronger insulated barrier inside your Kanteen.

TK Closure Internal thread design

Low-profile lids pair with TK Closure to increase thermal performance

Food Solutions

No matter where you're headed, Klean Food Solutions are good to go. Pack a snack, bring your lunch or store your leftovers. Klean Food Solutions come in a variety of sizes and styles.

With stainless steel construction and revolutionary lid designs, all of our Food Solutions are leakproof, durable and dishwasher safe.

TKCanister

VACUUM INSULATED

Climate Lock
VACUUM INSULATION

Leakproof

Dishwasher Safe

BPA Free

We took an old favorite and made it even more lovable. Our Climate Lock™ vacuum insulated TKCanister now includes TK Closure™ internal thread design for increased thermal performance. We also updated the lid and rounded the base to make it more bowl-like. The leakproof lid locks into place with a quick quarter turn and sports an easy-carry swivel loop.

Features

- TK Closure internal thread design increases thermal performance
- Climate Lock double-wall vacuum insulation keeps contents hot or cold for hours
- Leakproof lid locks into place with just a quarter turn
- Stackable, elegant design
- Wide-mouth design for easy eating and filling
- Easy-carry swivel loop
- 18/8 food-grade stainless steel and electro polished interiors don't retain or impart flavors
- Dishwasher safe
- BPA free

Food Boxes

SINGLE WALL

Leakproof | Dishwasher Safe | BPA Free

Klean Food Boxes come in three handy sizes for everything from munchies to meals. With durable stainless steel construction and food-grade silicone lids, Klean Food Boxes are proud to be plastic-free. While all three sizes include leakproof, press-fit lids, Lunch and Meal lids feature snap-and-lock tabs for extra protection against leaks and spills. No matter where you're headed, Klean Food Boxes are good to go.

Features

- Snap-and-lock tabs (Lunch and Meal sizes)
- Made from food-grade stainless steel and silicone
- 18/8 food-grade stainless steel and electro polished interiors don't retain or impart flavors
- Won't shatter or rust
- Flexible corner for easy venting
- Leakproof
- Dishwasher safe
- BPA free

The TKPro is a versatile, all-stainless thermal Kanteen with top performance ratings. With its integrated double-wall stainless steel cup and revolutionary 360° pour-through design, the TKPro is in a class by itself.

Features

- TK Closure™ internal thread design featured on bottles pairs with the TKPro cap to increase thermal performance
- Climate Lock™ double-wall vacuum insulation keeps contents hot or cold for hours
- Chip-resistant Klean Coat® finish (Shale Black only)
- Integrated double-wall stainless steel cup
- Streamlined, easily packable design
- Stainless steel and silicone construction
- 18/8 food-grade stainless steel
- Won't retain or impart flavors
- Leakproof
- 100% plastic and BPA free

Straws

Stainless Steel

Silicone Flex Tip

Dishwasher Safe

Say goodbye to single-use straws. Our reusable, stainless steel straws come with a flexible silicone tip for extra comfort and safety. Klean straws come in two opening sizes: 8mm for everyday sipping and 10mm for smoothies. Our 16oz Insulated Tumbler is fitted with our Straw Lid and color matched 8mm straw. We also offer a TKWide Straw Cap for our bottles and coffee mugs. Straws are available in 2 pack, 3 pack, 4 pack and 5 piece sets, or as part of bundled kits with bottles and mugs for coffee, tea or smoothies. No more plastic—just your favorite drinks on the go!

ELEMENTS

nature is family

We are part of society. We are part of nature.

That is why we make a unique selection of high quality and responsibly-made brands that reinforce our relationship with nature. We make those brands more accessible, striving for the least environmental impact. Through a close-knit community of happy workers, customers and suppliers we aim to build meaningful engagement towards each other and nature. Therefore we explore how to make our products and services better beyond convention.

We get people to spend more time in nature; bringing nature back into daily lives.

Our offices are powered by 100% Belgian renewable energy. Ocean freight is our standard import method. We reduce car use through bike-to-work days and a public transport plan. We reuse (and reuse!) our shipping boxes, using recycled paper filling and papertape.
